

Aggregation

book\_07.txt

## Requirement

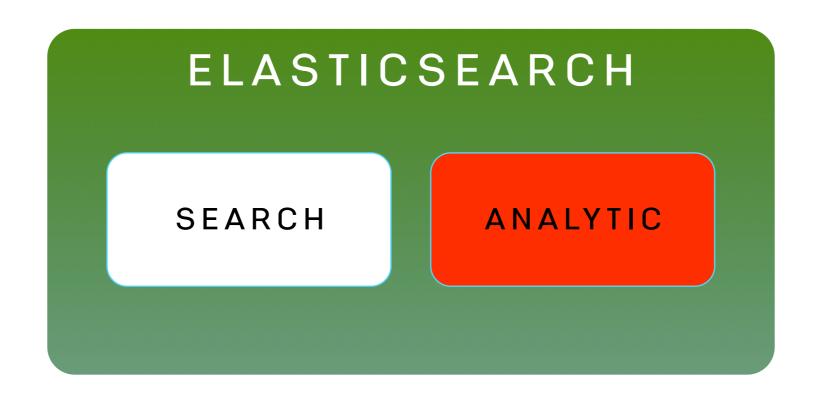

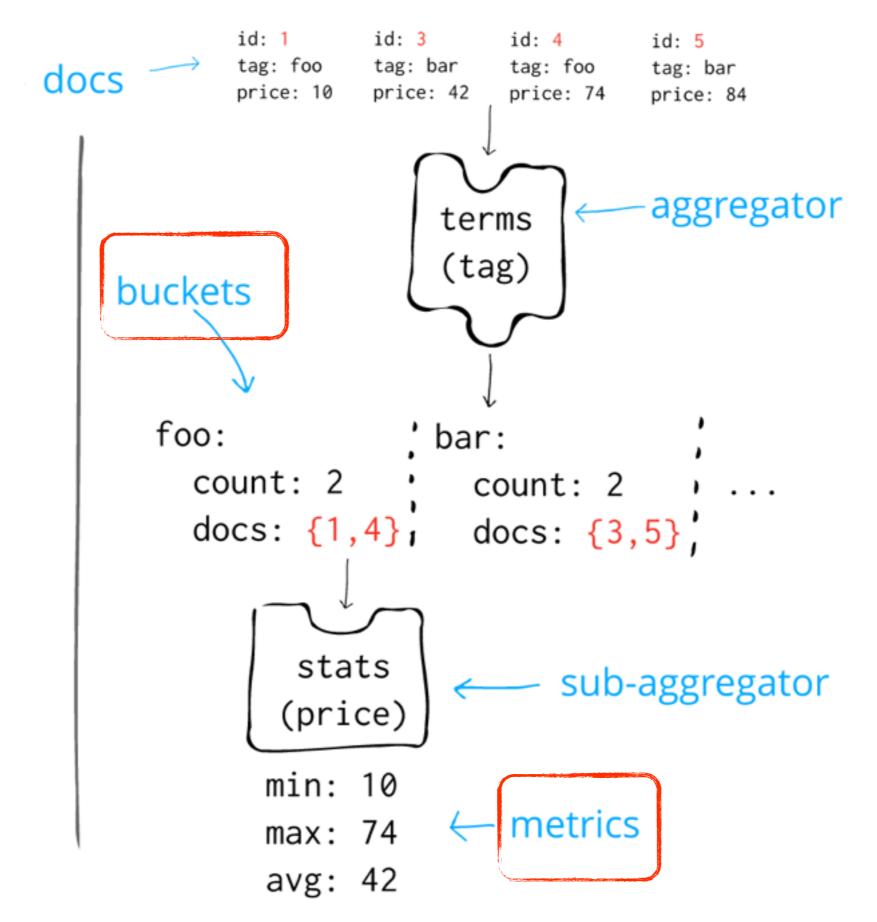

SELECT count(data)
FROM table
GROUP BY data

## Intro to Aggregation

## Intro to Aggregation

https://www.found.no/foundation/elasticsearch-aggregations/

## Structure of Aggregation

ใช้ชื่อย่อว่า aggs

http://www.elasticsearch.org/guide/en/elasticsearch/reference/current/search-aggregations.html

## Aggregation types

avg stat mın max sum significant terms filter filters missing date range ipv4 range range date histogram histogram geo

```
GET /store/book/_search
                                aggregation name
 "aggs": {
   "all_book_title": {
    "terms": {
                            aggregation type
     "field": "category"
                              aggregation body
```

#### Result

```
"aggregations": {
   "all_book_title": {
      "doc_count_error_upper_bound": 0,
      "sum_other_doc_count": 0,
      "buckets": [
            "key": "computer",
            "doc_count": 5
         },
            "key": "technology",
            "doc_count": 5
        },
{
            "key": "online",
            "doc_count": 3
         },
            "key": "searching",
            "doc_count": 3
         },
            "key": "java",
            "doc_count": 2
         },
            "key": "programming",
            "doc_count": 2
```

ยาวมากๆ ลดได้ใหม ?

```
GET /store/book/_search?search_type=count
 "aggs": {
  "all_book_title": {
    "terms": {
     "field": "category"
```

```
GET /store/book/_search?search_type=count
 "aggs": {
  "all_book_title"
     JIMS".
```

```
GET /store/book/_search
 "size": 0,
 "aggs": {
  "all_book_title": {
    "terms": {
     "field": "category"
```

## Count by category + Price

```
GET /store/book/_search
 "aggs": {
  "all_book_title": {
    "terms": {
     "field": "category"
  "price_stat": {
    "stats": {
     "field": "price"
```

#### Result

```
"aggregations": {
   "all_book_title": {
      "doc_count_error_upper_bound": 0,
      "sum_other_doc_count": 0,
      "buckets": [
            "key": "computer",
            "doc_count": 5
         },
            "key": "technology",
            "doc_count": 5
        },
{
            "key": "online",
            "doc_count": 3
         },
            "key": "searching",
            "doc_count": 3
         },
            "key": "java",
            "doc_count": 2
         },
            "key": "programming",
            "doc_count": 2
```

ปัญหาคืออะไร ?

## Workshop

#### แก้ไขอย่างไรดี?

```
"aggregations": {
   "all_book_title": {
      "doc_count_error_upper_bound": 0,
      "sum other doc count": 0.
      "buckets": [
            "key": "Computer & Technology",
            "doc_count": 5
         },
{
            "key": "Online Searching",
            "doc_count": 3
         },
{
            "key": "Java Programming",
            "doc_count": 2
```

# การแก้ไข :: แก้ไข mapping

```
PUT /store/_mapping/book
 "properties" : {
  "category" : {
   "type": "string",
   "index": "not_analyzed"
```

## Try again

```
"aggregations": {
   "all_book_title": {
      "doc_count_error_upper_bound": 0,
      "sum_other_doc_count": 0,
      "buckets": [
            "key": "Computer & Technology",
            "doc_count": 5
            "key": "Online Searching",
            "doc_count": 3
         },
            "key": "Java Programming",
            "doc_count": 2
```

## Workshop

ถ้าต้องการค้นหาคำว่า computer ด้วยล่ะ ?

```
"hits": {
   "total": 0,
                             ไม่พบข้อมูลเลย !!
  "max_score": null,
   "hits": []
"aggregations": {
   "number_of_book": {
      "doc_count_error_upper_bound": 0,
      "sum_other_doc_count": 0,
      "buckets": []
```

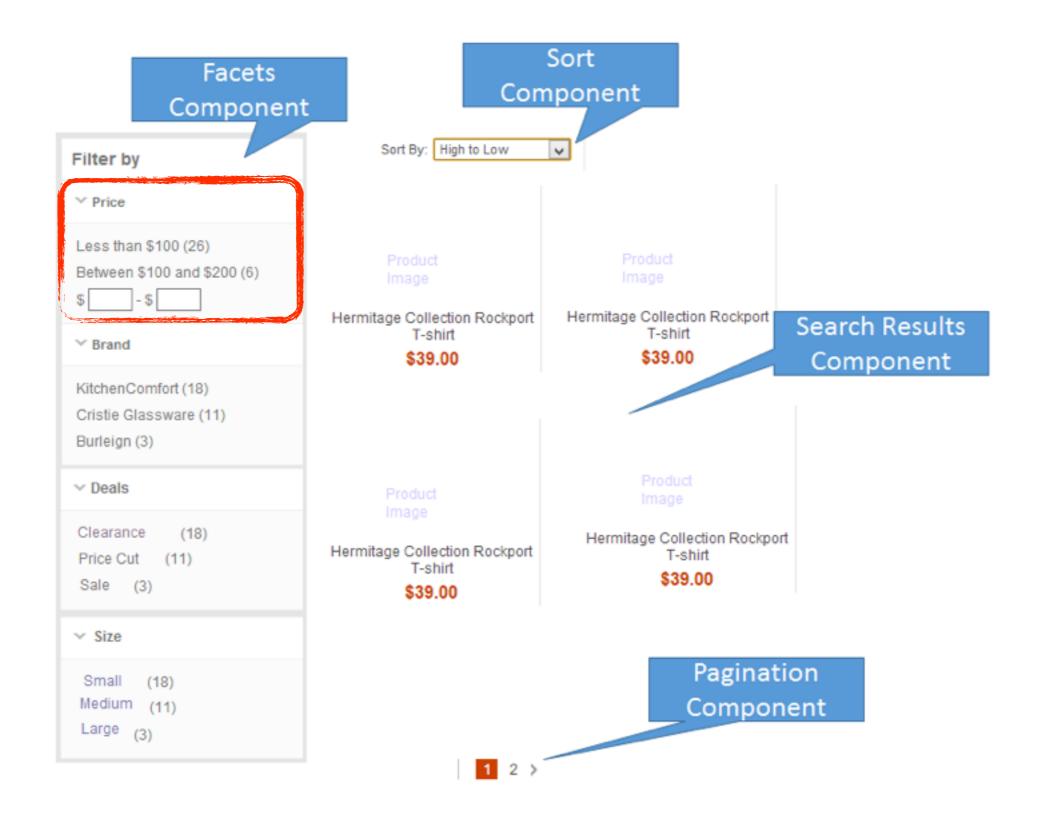

# แก้ไข mapping ด้วย Multi-fields

```
PUT /store/_mapping/book
 "properties" : {
  "category" : {
    "type": "string",
    "fields": {
     "raw" : {
      "type": "string",
      "index": "not_analyzed"
}}}
```

## Try again

```
"aggregations": {
"hits": {
                                               "all_book_title": {
  "total": 5,
                                                  "doc_count_error_upper_bound": 0,
   "max_score": 0.15342641,
                                                  "sum_other_doc_count": 0,
   "hits":
                                                  "buckets": [
      {
         "_index": "store",
                                                        "key": "Computer & Technology",
         "_type": "book",
                                                        "doc_count": 5
         "_id": "4",
                                                     },
         "_score": 0.15342641,
         "fields": {
                                                        "key": "Online Searching",
                                                        "doc_count": 3
            "category": [
                                                     },
               "Computer & Technology",
                "Java Programming"
                                                        "key": "Java Programming",
                                                        "doc_count": 2
      },
         "_index": "store",
         "_type": "book",
```

## Price range

### Price range

```
GET /store/book/_search
 "aggs": {
  "price_range": {
    "range": {
     "field": "price",
     "ranges": [
      { "from": 0, "to": 10 },
      { "from": 11, "to": 20},
       { "from": 21, "to": 50}
     ]}}}
```

## Price range

```
PUT /store/_mapping/book
 "properties" : {
  "category" : {
   "type": "string",
   "index": "not_analyzed"
```

http://www.elasticsearch.org/guide/en/elasticsearch/guide/current/mapping-intro.html

## Workshop

เรียง category ตามจำนวนหนังสือจากน้อยไปมาก ?

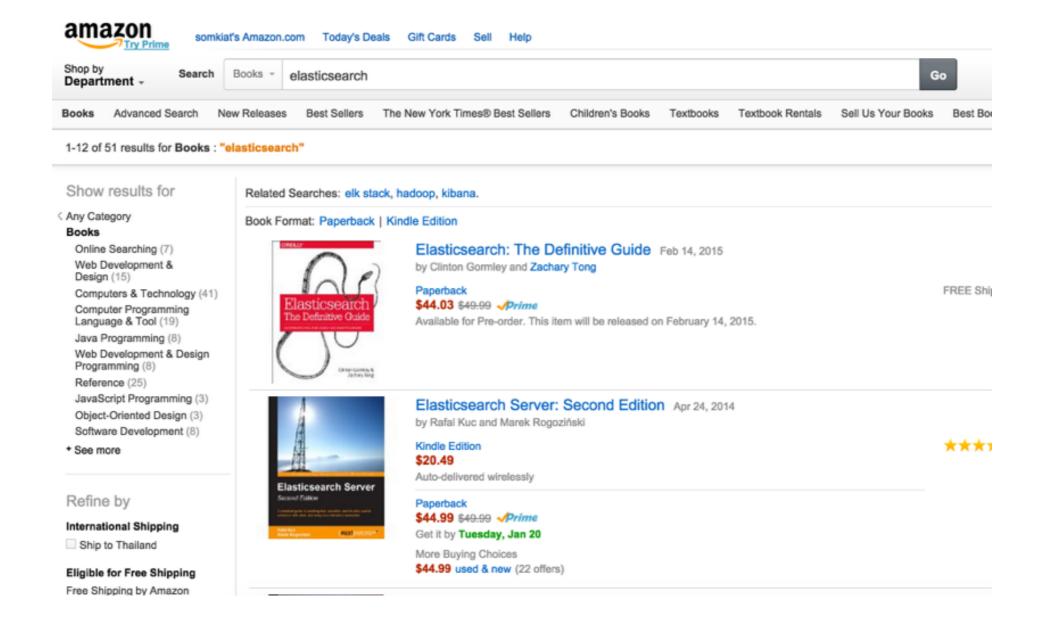

```
"aggregations": {
   "all_book_title": {
      "doc_count_error_upper_bound": 0,
      "sum_other_doc_count": 0,
      "buckets": [
            "key": "Java Programming",
            "doc_count": 2
            "key": "Online Searching",
            "doc_count": 3
            "key": "Computer & Technology",
            "doc_count": 5
```

## เรียงลำดับตามจำนวน

```
GET /store/book/_search
 "aggs": {
  "all_book_title": {
    "terms": {
     "field": "category",
     "order": {
      "_count": "asc"
    }}}
```

## Workshop

#### All together?

#### What's next?
